About Boys & Girls Clubs of the Virginia Peninsula

Boys & Girls Clubs of the Virginia Peninsula serves over 5,000 youth annually in Newport News, Hampton, Williamsburg, Gloucester, Mathews, & York County. Our 15 Clubs serve youth, ages 6-18, with a mission "to inspire and enable all youth, especially those who need us most, to realize their full potential as productive, caring, and responsible citizens." The Clubs provide a safe, positive, and fun place for kids to go afterschool and in the summer; a place that they can call their own with life enhancing programming. Our programming focuses on five core areas:

Character & Leadership Development, Education & Career Development, Health & Life Skills, Sports, Fitness & Recreation, and The Arts. www.bagclub.com www.facebook.com/bagcyp

What is Smart Smiles at the Dentist?

Poor oral health care for children doesn't just impact a nice smile. It impacts how children feel about themselves and can result in significant lost school time due to dental-related illnesses. Dental problems can lead to serious health issues such as diabetes, heart and lung disease, pre-term births and death.

Thankfully there is Smart Smiles at the Dentist. Smart Smiles is a partnership between Delta Dental and Boys & Girls Clubs of the Virginia Peninsula to provide free dental care to Boys & Girls Club members who do not have dental insurance or who qualify for Medicaid/FAMIS/Smiles for Children. In addition, Boys & Girls Club members receive dental health education. Since we started the Smart Smiles program almost 7 years ago, we have served over 650 Boys & Girls Club members and discovered over 2,000 cavities and other dental problems. Smart Smiles is successful because it removes the obstacles that prevent children from receiving the dental care they need.

Smart Smiles takes all of this away. The program coordinator schedules dental appointments, provides transportation from school, stays with the children in the waiting area, coordinates follow-up care, and keeps parents or caregivers well informed. In addition, Boys & Girls Club members learn how to properly care for their teeth.
